

Upgrade Announcement

April
2010

ExSite 3.7.0 Features

The following outlines new features and modules for the Exware Content Management System. Not all features and modules will be applicable for all client sites. If you have questions about this announcement or how your site can incorporate these new features, please call or email us.

NEW MODULES

Blog & Forum Modules

We've made it easier than ever to add a Blog and/or Forum to your site. Now with only two clicks, you can create a blog/forum ready to be placed onto your site.

Polls & Quizzes Module

With our new Polls & Quizzes Module, you can now find out how people feel on whatever topic you can think of. Or you can add a Quiz to your home page to make your site more interactive.

Job Posting Module

Our Job Posting tool that makes it simple for you to post a job targeted specifically to the people that visit your website. No more sifting through hundreds of resumes...only sift through the resumes of qualified applicants.

MODULE ENHANCEMENTS

Product Catalog - Search Engine Optimization upgrades

- Product pages will have product name as title meta tag. Not only do search engines use this for indexing but it also shows up on the browser address bar
- Product descriptions will be used in for the description meta tags, which again is used by search engines for indexing
- User friendly URLs will be used

Email Module

- use the insert image tool to add images to your emails
- use the insert hotlink to add links to third party web sites, internal web pages or documents

Event Calendar

- added full-size view

FUNCTIONALITY & TECHNOLOGY

CMenu

The DMenu plug-in is being replaced by the CMenu plug-in which lets you add a second-level drop down or cascading menu for easier navigation.

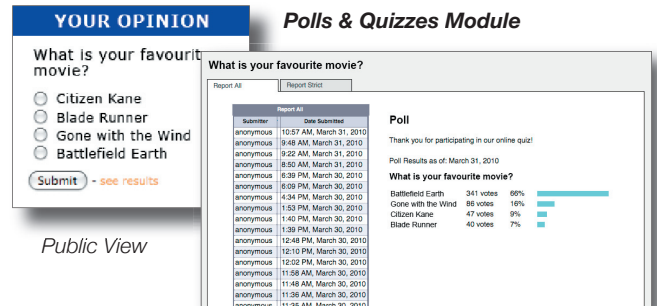

HTML5 Features (advanced users)

- Placeholder Text
- Autofocus Fields
- Range Inputs

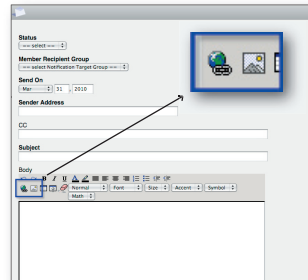

Other updates include: (advanced users)

- email moderation on WebDir plug-in
- new Database tools to make plug-in installation easier
- better form handling for disability readers
- more and better logging

For more information on these more advanced items, please see our support site at <http://support.exware.com>.
